Advice on how to apply:

Goals:

- To promote research cooperation
- To promote young academics in the early stages of their scientific career
- To establish an effective network of researchers with relations to Austria

**Eligible for application** are students who

- a) are studying a master Programme at a university in one of the above-defined countries of origin or
- b) are studying a Bachelor Programme at a university in one of the above-defined countries of origin and have successfully completed at least 4 semesters of studies by the time of taking up the grant.

**Maximum age:** 35 years (born on or after October 1st, 1988)

Applicants must not have studied/pursued research/pursued academic work in Austria in the last six months before taking up the grant.

A scholarship can only be consumed once within this programme.

**Language skills:** Very good knowledge of English and/or German

**FAQs:** Please check our list of frequently asked questions regarding the application process and eligibility for this grant.

The scholarship will only be granted for study projects that can be completed within the scholarship period (max. 10 months).

Applicants have to be accepted as **exchange scholars** or **free movers** from an Austrian University of Applied Sciences (Fachhochschule). The confirmation of acceptance as an exchange student or free mover has to be enclosed with the application. (Therefore please contact the University of Applied Sciences of your choice ahead of time.)

For more information regarding study programmes at the Austrian Universities of Applied Sciences (Fachhochschulen) please access <http://www.fachhochschulen.ac.at/>. The topics of the study programmes can roughly be summarized as follows: "Economics/Business", "Tourism", "Economics and Technology", "Technology/Biotechnology", "Media and Design" as well as "Health and Social Matters".

The following documents have to be uploaded with the online application:

- Two letters of recommendation by university lecturers. For these letters of recommendation no specific form is required; they must contain the letterhead, date and signature of the person recommending the applicant and the stamp of the university / department and must not be older than six months at the time of application.
- Confirmation of the home university that the exams passed in Austria will be recognized by the home university (e.g. a learning agreement).
- Confirmation of acceptance as an exchange student or free mover from the University of Applied Sciences (Fachhochschule).
- Scan of your passport (page with the name and photo).
- Scan of a current Transcript of Records.

**Proof of the successful course of your studies in Austria**

Scholarship holders have to pass exams corresponding to at least 15 ECTS credits per semester. If the scholarship has been awarded for a period that is longer than one semester, the scholarship will only continue if at least 15 ECTS credits have been gained in the first semester. Proof of this has to be provided by March 15th, 2024. If less than 15 ECTS credits are gained, the scholarship automatically ends at the end of March 2024.

### General Information

[Back](#) | [New search](#)

- Grants are only awarded for studies at universities of applied sciences (Fachhochschulen) where the majority of the costs for the study place is borne by the Federal Ministry of Education, Science and Research (BMBWF).
- The selection process for all grants is competitive, i.e. there is no legal claim to a grant even if all application requirements are fulfilled. The number of grants that will be awarded during one call depends on the quota and/or the available budget. Applicants may apply for several grants at the same time.
- Grant holders must be continuously present at their place of study in Austria to study or conduct their research project.
- Once an application has been rejected, it will not be considered any further within that call. However, it is possible to re-apply for this grant with a revised application in the future.
- Applicants must comply with the admission regulations of the respective university

### Data Protection:

Applicants agree that the personal data provided within their application will be processed diligently on the legal basis of

- General Data Protection Regulation (EU)2016/679 and Austrian Data Protection regulations, in particular:
  - §2g Research Organisation Act (Forschungsorganisationsgesetz - FOG), Federal Law Gazette No. 341/1981, and
  - OeAD Act (OeAD-Gesetz), Federal Law Gazette I No. 99/2008, all in their current version,
- for the purpose of handling their application and compiling statistics. The OeAD is responsible for processing the applicant's data.

More information is available at <https://oead.at/en/privacy-policy/>

**Selection procedure:** Incomplete applications and applications not complying with the application criteria will not be accepted for the further selection process.

The selection process consists of the following stages:

1. Examination of the formal requirements
2. Examination of the application's general plausibility
3. Assessment and evaluation of the application by experts
4. Final decision by the BMBWF

**Further information:** The Federal Ministry of Education, Science and Research (BMBWF) and the OeAD do not guarantee that a stay at the destination in Austria or at the host institution, including the journey, is possible and harmless to health when a scholarship is granted. The scholarship holders decide themselves whether or not they want to embark on their study or research project in Austria. The BMBWF and the OeAD do not assume any liability for any complications or any resulting additional costs or damage that may arise during the stay in Austria and the journey. The conclusion of sufficient health insurance valid in Austria is a prerequisite for receiving a scholarship. The OeAD can assist in taking out adequate insurance. The respective current conditions of the host institution for attendance/participation in person and for entry into Austria must be observed.

Scholarship holders are not allowed to take up paid work in Austria while receiving a grant.

### Reporting commitment:

Scholarship holders are obliged to submit a final report at the end of their scholarship stay.

### Grant contract/grant award:

Grant recipients will be issued a grant contract (Letter of Award and Letter of Acceptance). It defines the following: start and end date of the grant, grant amount, payment modalities, compulsory attendance at the guest institution, performance report and final report, data protection, repayment obligations and other conditions and requirements.

Advice on how to apply:

Goals: The Franz Werfel fellowship is a research and teaching excellence programme in Austrian literature aimed at fostering academic cooperation as well as the growth of an international network of scholars of Austrian literature.

[Back](#) | [New search](#)

Target group: Applications are only open to university teachers who are primarily occupied with Austrian literature.

These are:

PostDocs as well as PraeDocs from countries not familiar with the Habilitation system (state doctorate/postdoctoral lecture qualification).

Applicants without employment or teaching experience are advised to apply for the Ernst Mach grant program.

Applicants must not have studied/pursued research/pursued academic work in Austria in the last six months before taking up the grant. Applicants who are permanently residing in Austria or who have studied in Austria for the most part of their academic career are not eligible for application.

Those in receipt of a Werfel grant can work as visiting researchers at university departments and carry out specialist studies in libraries, archives or at research institutions.

Age limit: There is no age limit. However, as this grant is intended to support young academics – it is not aimed at lifelong learning – the study abroad period should take place at the start of a candidate's academic career.

The following documents have to be uploaded with the online application:

1. Two letters of recommendation by university lecturers (for these letters of recommendation no specific form is required; they must contain the letterhead, date and signature of the person recommending the applicant and the stamp of the university / department and must be no older than six months at the time of application.)
2. Consent of a lecturer at the Austrian target university to supervise the applicant academically
3. List of the titles of courses taught
4. Scan of your passport (page with the name and photo)
5. Scan of your university graduation certificate of your diploma, master, PhD or doctoral studies
6. Complete list of publications as a separate attachment (identify your top 5 publications on the form)
7. proof of employment at a university.
8. proof of teaching assignment;
- only for PraeDocs:**
9. current confirmation that proves your participation in a PHD-program at your home university.

It is absolutely essential that prior contact with an educational or research institution in Austria has already been made before applying.

- Submission deadlines and grant start and end dates

\* 1 March (start date: July-December)

\* 15 September (start date: January-July)

#### Follow-on support

After completion of at least 12 months of research supported by the grant, the Franz Werfel scholarship-commission will decide, in consultation with the academic supervisor, whether to award the fellow admission into the follow-on support programme. For more information about this programme, please contact the OeAD (details below).

#### General Information

-The selection process for all grants for Austria is competitive, i.e. there is no legal claim to a grant even if all application requirements are fulfilled.

-Tuition fees in Austria may be waived upon request to the Rectorate of that university for all semesters the grant recipient is away on their Werfel fellowship.

- Grant recipients are not allowed to engage in paid employment beside their academic duties.

- Once an application has been rejected, it will not be considered any further within that call. However, it is possible to re-apply for this grant with a revised application at a later date.

-Grant holders must be continuously present at their place of study to work or conduct their research project.

- Applicants must comply with the admission regulations of the respective university.

**Selection procedure:** Incomplete applications and applications not complying with the application criteria will not be accepted for the further selection process.

The **selection process** consists of the following stages:

1. Formal evaluation
2. Overall plausibility check
3. Assessment and evaluation of the application by external experts
4. Interviews by the "Werfel scholarship committee" in Vienna (travel expenses to Vienna will be reimbursed)
5. Final decision by the BMWFW

Applicants without employment or teaching experience are advised to apply for the Ernst Mach grant program.

**Advice on how to apply:****Goals:**

- To support young academics. The fellowship should take place in the first half of the fellow's academic career.
- To promote research cooperation
- To establish an effective network of researchers with relations to Austria

Eligibility: highly qualified researchers in the field of history who are primarily occupied with Austria-related topics. These are:

PostDocs as well as PraeDocs from countries not familiar with the Habilitation system (state doctorate/postdoctoral lecture qualification).

The applicants teaching activity and publications will be considered when evaluating their qualification for the Richard Plaschka-Fellowship.

Recipients of Richard Plaschka grants can work as visiting researchers at university departments and institutes and carry out studies in libraries, archives or at research institutions.

Applicants must not have studied/pursued research/pursued academic work in Austria in the last six months before taking up the grant. Applicants who are permanently residing in Austria or who have studied in Austria for the most part of their academic career are not eligible for application.

It is mandatory for applicants to get in contact with the research institution of their choice in Austria before applying for this grant.

**Follow-on support**

Follow-on support may be requested after a positive evaluation of the candidate's first 12 months at an Austrian university and if the candidate is working as a PostDoc lecturer at a university abroad. In consultation with the Austrian academic supervisor, the Richard Plaschka Scholarship Commission decides if fellows will be admitted into the follow-on program.

For more information about the programme, please contact the OeAD (details below).

**General information:**

- Incomplete applications and applications that do not fulfil the application criteria will not be considered.
- The selection process for all grants for Austria is competitive, i.e. there is no legal claim to a grant even if all application requirements are fulfilled. The number of grants that will be awarded during one call depends on the quota and/or the available budget. Applicants may apply for several grants at the same time.
- Grant holders must be present at their place of study in Austria to study or conduct their research project.
- Once an application has been rejected, it will not be considered any further within that call. However, it is possible to re-apply for this grant with a revised application in the future.
- Applicants must comply with the admission regulations of the respective university

**Data Protection:**

Applicants note that the personal data provided within their application will be processed diligently on the legal basis of General Data Protection Regulation (EU) 2016/679 and Austrian Data Protection regulations, in particular § 2g Research Organisation Act (Forschungsorganisationsgesetz - FOG), Federal Law Gazette No. 341/1981, and OeAD Act (OeAD-Gesetz), Federal Law Gazette I No. 99/2008, all in their current versions, for the purpose of handling their application and compiling statistics. The OeAD is responsible for processing the applicant's data. More information is available at <https://oead.at/en/privacy-policy/>

**Selection procedure:**  
[Back](#) | [New search](#)

A panel of experts selects the candidates following a multistage process:

1. Examination of formal requirements
2. Examination of the application's general plausibility
3. Assessment and evaluation of the application by experts
4. Interviews in person in Vienna

Final decision by the Federal Ministry of Education, Science and Research (BMBWF)

**Further information:**

The Federal Ministry of Education, Science and Research (BMBWF) and the OeAD do not guarantee that a stay at the destination in Austria or at the host institution, including the journey, is possible and harmless to health when a scholarship is granted. The scholarship holders decide themselves whether or not they want to embark on their study or research project in Austria. The BMBWF and the OeAD do not assume any liability for any complications or any resulting additional costs or damage that may arise during the stay in Austria and the journey. The conclusion of sufficient health insurance valid in Austria is a prerequisite for receiving a scholarship. The OeAD can assist in taking out adequate insurance. The respective current conditions of the host institution for attendance/participation in person and for entry into Austria must be observed.

Scholarship holders are not allowed to take up paid work in Austria while receiving an OeAD grant.

**Reporting commitment:**

Scholarship holders are obliged to submit a final report at the end of the scholarship stay.

**Grant contract:**

Grant recipients will be issued a grant contract (Letter of Award and Letter of Acceptance). It defines the following: start and end date of the grant, grant amount, payment modalities, compulsory attendance at the guest institution, performance report and final report, data protection, repayment obligations and other conditions and requirements.

#### General Information:

- The grant programme is fully financed by the Ministry of Education, Science and Research (BMBWF).
- The selection process for all grants is competitive, i.e. there is no legal claim to a grant even if all application requirements are fulfilled. The number of grants that will be awarded during one call depends on the quota and/or the available budget. Applicants may apply for several grants at the same time.
- Applicants who seek admission to a university in Austria have to contact the Institution of their choice directly. Applicants who come to Austria to do research and, therefore, do not need to seek admission to university, have to prove sufficient knowledge of the language they need to pursue their project. The written consent of their Austrian supervisor is necessary.
- Short-term grants (1 to 3 months) have a priority in the period from January to June. In other cases Problems can arise as regards accommodation. When applying for a short-term grant therefore consideration should be given to applying primarily for the period of January to June.
- Grant holders must be continuously present at their place of study in Austria to study or conduct their research project.
- Once an application has been rejected, it will not be considered any further within the call. However, it is possible to re-apply for this grant with a revised application in the future.
- Applicants must comply with the admission regulations of the respective university

#### Data Protection:

Applicants agree that the personal data provided within their application will be processed diligently on the legal basis of

- General Data Protection Regulation (EU)2016/679 and Austrian Data Protection regulations, in particular:
  - §2g Research Organisation Act (Forschungsorganisationsgesetz - FOG), Federal Law Gazette No. 341/1981, and
  - OeAD Act (OeAD-Gesetz), Federal Law Gazette I No. 99/2008, all in their current version,
- for the purpose of handling their application and compiling statistics. The OeAD is responsible for processing the applicant's data. More information is available at <https://oead.at/en/privacy-policy/>

**Selection procedure:**

**Incomplete applications and applications not complying with the application criteria will not be accepted for the further selection process.**

The selection is based on a multistage process:

- 1) Examination of the formal requirements
- 2) Final decision by the ASEA-UNINET National Coordinator Austria

The Federal Ministry of Education, Science and Research (BMBWF) and the OeAD do not guarantee that a stay at the destination in Austria or at the host institution, including the journey, is possible and harmless to health when a scholarship is granted. The scholarship holders decide themselves whether or not they want to embark on their study or research project in Austria. The BMBWF and the OeAD do not assume any liability for any complications or any resulting additional costs or damage that may arise during the stay in Austria and the journey. The conclusion of sufficient health insurance valid in Austria is a prerequisite for receiving a scholarship. The OeAD can assist in taking out adequate insurance. The respective current conditions of the host institution for attendance/participation in person and for entry into Austria must be observed.

Scholarship holders are not allowed to take up paid work in Austria while receiving an OeAD scholarship.

**Reporting commitment:**

Scholarship holders are obliged to submit a final report at the end of their scholarship stay.

**Grant contract/grant award:**

Grant recipients will be issued a grant contract (Letter of Award and Letter of Acceptance). It defines the following: start and end date of the grant, grant amount, payment modalities (including any travel expense reimbursement), compulsory attendance at the guest institution, performance report and final report, data protection, repayment obligations and other conditions and requirements.

#### Frequently asked questions / FAQs:

Answers to frequently asked questions regarding the scholarship programme and application procedure can be found in the FAQs. [<https://oead.at/en/to-austria/grants-and-scholarships/ernst-mach-grant/faq-ernst-mach-grant-asea-uninet/>]

**Important information for applicants in the field of music:** Applicants in the field of music are recommended to read the FAQs for the field of music before they begin the application process.

[<https://oead.at/en/to-austria/grants-and-scholarships/ernst-mach-grant/faq-ernst-mach-grant-asea-uninet/#25-what-is-important-to-consider-when-applying-for-a-scholarship-in-the-field-of-music>]

The following documents have to be uploaded within the online application on [www.scholarships.at](http://www.scholarships.at):

- Research Proposal (5-10 pages)
  - The applicant's proposal for an innovative research project should focus on specific research questions, and contain a clear and detailed description of the research directions and objectives as well as the methodological approach. It is expected to include:
    - a clear problem description
    - a literature review (incl. references)
    - expected results
    - possible contribution of the project to the research (landscape) in Austria and/or in the applicant's home country
    - methodological approach (research design, research questions/hypotheses, research method)
    - workplan and timetable

- list of the applicant's publications (if already available) or qualifications necessary to do the research in question
  - Letter of Consent (Letter of Acceptance) of the supervisor at the Austrian host university. Such a written consent may only be issued for the eligible programmes open for application by a full or associate professor at an Austrian ASEA-UNINET partner university.
  - Two Letters of Recommendation by university lecturers. For these Letters of Recommendation, no specific form is required. However, they must not be older than six months at the time of application and must bear:
    - letterhead,
    - date,
    - signature of the person recommending the applicant,
    - stamp of the university/department/institute.
  - Passport scan (page with name and photo).
  - Scan of all university graduation certificates and a (rough) German or English translation.
- 
- In the field of Music Practice: Statement of Motivation (this replaces the Research Proposal) with video and/or music clips demonstrating the applicant's musical practice; also a Letter of Endorsement, which is issued jointly by the Austrian Universities of Music after the auditions have been passed successfully (replaces the Letter of Consent of the supervisor). Further information is included in the FAQs.

#### General Information:

- The grant programme is fully financed by the Ministry of Education, Science and Research (BMBWF).
- The selection process for all grants is competitive, i.e. there is no legal claim to a grant even if all application requirements are fulfilled. The number of grants that will be awarded during one call depends on the quota and/or the available budget. Applicants may apply for several grants simultaneously.
- Applicants who seek admission to a university in Austria have to contact the Institution of their choice directly. The admission regulations of the respective institution are applicable.
- Applicants who wish to come to Austria to conduct research (Postdoc Grant), and therefore do not need to seek admission to university, have to prove sufficient knowledge of the language they need to pursue their project. The written consent of their Austrian supervisor is necessary.
- Grant holders must be continuously present at their place of study in Austria to study or conduct their research project.
- Once an application has been rejected, it will not be considered any further within the call. However, it is possible to re-apply for this grant with a revised application in the future.
- It is strongly recommended to start the admission procedure at universities of the arts at the same time as the application procedure!
- The application for a scholarship does not yet require admission to a University of the Arts.

#### Selection procedure:

**Incomplete applications and applications not complying with the application criteria will not be considered for the further selection process.**

The selection is based on a multistage process:

- 1) Examination of the formal requirements
- 2) Examination of the applications' general plausibility
- 3) Examination and evaluation of the applications by ASEA-UNINET experts
- 4) Assessment based on personal interviews conducted by ASEA-UNINET experts. Criteria include language skills, quality of the Research Proposal, and relevance of the project
- 5) Final decision by the BMBWF

Applications in the field of Music Practice:

- 1) Assessment based on mandatory auditions
- 2) Examination of the formal requirements
- 3) Final decision by the BMBWF
