I. Introduction

In an effort to encourage outstanding international students to undertake degree studies in Taiwan to familiarize themselves with the academic environment in Taiwan and promote communication, understanding and friendship between Taiwan and international community, the Ministry of Education (MOE) of Republic of China formulated Taiwan Scholarship Program Directions. Taipei Economic and Cultural Office in Thailand drew up 2025 Taiwan Scholarship Program Directions for Thai Students, in accordance with the provisions of the MOE Taiwan Scholarship Program Directions Amended Version in effect on December 9, 2015.

II. Amount of Scholarships

Twenty scholarships for Thai students have been allocated for 2025. The MOE Taiwan Scholarship Program provides the following for each outstanding Thai student scholarship recipient undertaking a bachelor's degree, master's degree or doctorate studies in Taiwan:

- A. Tuition and miscellaneous expenses (i.e. the course-credit fees, and miscellaneous basic study-related fees): The MOE will pay up to NTD 40,000 each semester for each recipient's approved tuition and miscellaneous expenses. If these exceed a total amount of NTD 40,000, the remaining amount must be paid to the university/college by the student. The "miscellaneous expenses" do not include any of the following: administration fees, thesis supervision fees, insurance premiums, accommodation, or internet access. These are all the responsibility of the scholarship recipient.
- B. Living allowance: The MOE provides each recipient undertaking university undergraduate studies a monthly stipend of NTD 15,000; it provides each recipient undertaking a master's degree or doctorate studies a monthly stipend of NTD 20,000.

 - 1. Undergraduate students must achieve a minimum average semester mark of 70, postgraduate students must achieve a minimum average semester mark of 80; if the university/college has set a higher standard, then that standard must be met.
 - 2. If a scholarship recipient is in the 3rd year or later year of a doctoral program, the manner in which their results are assessed and the criteria used to determine their semester results will be in accordance with the regulations of their university/college.
- B. X. Important Provisions:

- A. Any scholarship recipient who for some reason withdraws from their studies will forfeit their scholarship and any scholarship recipient who has been suspended or expelled from the university/college will have their scholarship revoked.
1. The living allowance will no longer be provided for a scholarship recipient who forfeits their scholarship. If the change of status occurs after the 15th of the month, the student withdrawing from their studies will not be required to refund the living allowance for that month. They must pay back the tuition and miscellaneous expenses paid with scholarship funding in accordance with the debt recovery regulations of the university/college they have been attending.

- E. If a scholarship recipient is found to be in simultaneous receipt of any other award or subsidy from any Taiwan Government institution (organization) or any education institution in Taiwan, and this has been verified, their scholarship will be revoked and the student must pay back all the living allowance payments and the tuition and miscellaneous expenses paid during the period when they were also receiving the other award or subsidy.
- F. A scholarship recipient who has registered at a university/college and begun their program is absent from their classes for more than one-third of any month excluding university/college summer and winter breaks. When the absences have been verified, the recipient's living allowance for any such month will be suspended (or have to pay back), and depending on the circumstances, the university/college where the student is registered may decide to revoke the student's scholarship.
- G. All scholarship recipients are required to join the National Health Insurance plan in accordance with Taiwan's national legislation. Before doing so, they must purchase other medical and accident insurance.
- H. After enrolling at a university/college in Taiwan, a scholarship recipient is not permitted to travel to any other country as an exchange student or as a dual/joint degree student. If they do so, their Taiwan Scholarship will be revoked. They are not permitted to retain the still unused part of their Taiwan Scholarship or have the award period extended for them to be able to

resume receiving the original scholarship when they return to Taiwan.

- I. Student's Taiwan Scholarships must be suspended or revoked if they fail to submit a photocopy of their Alien Resident Certificate (ARC) which has "pursuing studies" as the reason for their stay by the deadline specified by their university/college during the registration period each semester or changes the reason for their stay in Taiwan while in receipt of the scholarship.
- J. Any scholarship recipient who submits any application document or any document when they are enrolling that is found to be fake, misleading, has been altered in some way, or contains any falsehood will have their scholarship revoked and must pay back all the living allowance payments and the tuition and miscellaneous expenses provided by the scholarship from the date the scholarship began until the date it was revoked. Scholarship recipients must act in concert with the MOE's policies for students who have a Taiwan Scholarship and participate in language and culture related teaching, exchanges, and activities.
